

## Fellow Volunteer

Our promise is to educate, coach, and advocate for girls and women with an aptitude, talent, and passion for STEM. Through engagement of top STEM companies, universities, teachers and hands on curriculum our girls discover the endless opportunities available to them in STEM. Fellow Volunteers are part of a mentoring and leadership development program designed to engage and empower those who have an interest in a STEM focused education and career.

Fellows are volunteers who will work closely with the Project Scientist team and other Fellows to execute Project Scientist's vision and advance the mission. Fellows will be responsible for assisting in virtual meetings and/or classrooms. They will also be responsible for helping in the facilitation of smaller break out rooms.

A Fellow must have excellent communication skills and have experience with virtual platforms and other basic technology. Fellows must feel comfortable observing groups of young STEM enthusiasts and ensuring appropriate relationships are maintained between participants and any guest mentors. Finally, Fellows should be passionate about STEM education and increasing diversity in STEM fields. **As this is a volunteer position, Fellows will not receive monetary compensation but have the opportunity to gain other rewards.**

### We're looking for individuals with the skills to:

- Facilitate break out rooms with pre-provided curriculum or projects
- Facilitate discussion on monthly topics in breakout rooms and whole group meetings
- Ensure appropriate relationships and discussion between participants and guest mentors/speakers
- Create safe and inspiring environment for participants and other fellows

### Position Qualifications:

- College student or recent college graduate
- Experience working with primary and/or middle school students is preferred but not required
- Passion about STEM and inspiring the next generation of women in STEM
- Experience using online virtual platforms like Zoom or Cisco WebX

- Team player
- Excellent communication skills
- Experience with social media platforms and general technology
- Pass a background check

### **Rewards of being a fellow:**

- Mentorship experience
- Experience leading small groups of school aged children
- Opportunity to meet and network with female STEM professionals from various career fields and companies
- Opportunity to meet and network with other fellows from around the country
- Opportunity to help increase the diversity in STEM majors and careers
- Opportunity to influence the next generation of workforce
- Volunteer hours

### **Current Opportunities:**

- Summer Virtual STEM LAB- A morning weekday commitment from June 21-July 30 2021
- To express your interest in this volunteer position, please email your resume to **Noeleen@projectscientist.org**

And/Or

- The Scholar's Program- A bi-monthly commitment from June 2021-January 2022
- To express your interest in this volunteer position, please email your resume to **kierstin@projectscientist.org**

Please note: preference will be given to past Project Scientist Alumni who apply for the position and meet the above criteria.
